

## Profile and Facts

The worldwide ferry portal **ferrylines.com** is an independent online-platform for the ferry tourism. The following reasons demonstrate the uniqueness of ferrylines.com:

- With more than 7700 routes of 810 operators in the world **ferrylines.com** offers by far the largest amount of information about all worldwide ferry connections including car and passenger ferries. The difference between ferrylines.com and other ferry portals is the complete coverage of the world ferry network.
- All routes are displayed in unique, interactive maps.
- Our high level of up-to-dateness is guaranteed by constant contact with all operators.
- Online booking opportunities for 280 operators with about 3000 ferry routes are offered. No other ferry portal covers more bookable routes than **ferrylines.com**.
- **ferrylines.com** is published in nine European languages and represented in social networks.
- The World Travel Awards TM nominated **ferrylines.com** as a World's Leading Ferry Website since 2010.
